We are incredibly honoured and deeply satisfied to have had the privilege of being associated with you and earning your trust over the past 30 years. Throughout this time, we have experienced periods of growth, abundance, and challenges, including the financial crisis in 2008, the oil crisis in 2014, demonetisation in 2016, and the Covid-19 pandemic in 2020. Each adversity felt particularly unsettling when it occurred, but it is our response to these challenges, rather than the challenges themselves, that shapes our journey to excellence. We, at Kreon Financial Services Limited, are the outcome of the choices that we make in our journey and we have always focused on growing the right way to build a resilient Fintech lending institution.

Jaijash Tatia

Chairman and Whole Time Director

The fintech industry is critically important as it revolutionizes the financial services sector by leveraging technology to enhance accessibility, efficiency, and inclusivity: It enables unprecedented financial inclusion by providing every section of society with access to essential financial services.

India Inc's tryst with fintech is slightly over a decade old now. In these ten years, the fintech ecosystem has grown by leaps and bounds. Today, the country is going through a massive tidal wave of transformations driven by growing financial literacy as well as ever-increasing smartphone usage and internet penetration. If one were to go with the official figures, India is poised to become one of the largest digital fintech markets in the world.

At Kreon Financial Services Limited, we have always believed in the potential of digital lending catapulting into a plethora of opportunities. And so, over the years, we have consistently worked on making this transition smooth by adapting to the changes, way before they became vital. Our cutting-edge technological integration and focus on serving the student community who are currently unserved in the financial domain. As a pioneer in the NBFC industry, we are focused on providing affordable credit. This, in turn would play a crucial role in empowering individuals, promoting education, enhancing career prospects, driving economic growth, and fostering social equity. With the vision for India's future growth, expanding financial inclusion is crucial and we are motivated and prepared to contribute towards it.

We are all set for this through **our singular focus of digital inclusion.**

Vision

Our vision is to empower students with the means to achieve their educational aspirations by offering innovative and flexible loan products that cater to their unique needs

Mission

Our mission is to bring formal financial inclusion to all college students of India through the twin pillars of education and opportunity.

A sneak-peak into Kreon Financial Services Limited

Lineage

Kreon Financial Services Limited (KFSL) has a rich history and lineage that reflects its evolution and growth in the financial services sector in India. The company was incorporated on 23rd November, 1994 with the primary goal of providing a range of financial services, including loans, asset financing, hire purchase, and leasing. During its initial years, KFSL focused on traditional financial services aimed at both individual and corporate clients. This period was marked by establishing a firm foundation in the competitive financial market of India.

Recognizing the transformative potential of digital technology, KFSL began shifting its focus towards digital financial services. This strategic pivot was aimed at enhancing operational efficiency and customer service through the integration of advanced technology.

A significant milestone in KFSL's digital journey was the launch of the "StuCred" mobile application. StuCred provides instant short-term loans to college students, addressing a critical market need and exemplifying the company's commitment to digital inclusion and youth financial empowerment.

Management bandwidth

In October 2018, the digital lending platform StuCred was launched in the digital platforms by Mr. Jaijash Tatia and Mrs. Henna Jain as Co-founders and headed by Mr. Jaijash Tatia as Whole Time Director and Mrs. Shoba Nahar as Chief financial officer backed by a team of seasoned professions. Over the years, they have taken the Company to newer heights and the Company has emerged as one of the most trusted fintech services providers in India.

Presence

Headquartered at Chennai and shares of the Company listed at the Bombay Stock Exchange, the Company is expanding through its strategy and has successfully built a robust clientele across the nation.

Singular focus, digital inclusion through prudent strategies

India is marching ahead as one of the world's fastest growing economies. India's total population stands at 1.4 billion. The country has the world's second largest higher education system with over 58,000 higher education institutions and with 43.3 million students enrolled for higher education. Nearly 79% of students are enrolled on undergraduate courses with 12% at the postgraduate (master's degree) level and 0.5% approximately studying for a PhD and the rest studying for sub-degree diploma programmes.

Fintech forms a bedrock to channelize the economy. With the ability to cater the diverse needs of the students community and cater to their diverse financial requirements and for those unable to meet the credit requirement through traditional banks/other lending mechanism.

The Prime Minister's Jan Dhan Yojana (PMJDY) and the Reserve Bank of India's outreach efforts to introduce banking to the underserved have brought a huge number of individuals into the banking system. Data shows that more than 85% of bank accounts are still either dormant or have non-active users. Hence, we believe that the emphasis must now shift from creating bank accounts to promoting more meaningful financial products, with credit being a significant focus. This unlocks the potential for a Fintech NBFC to service the underserved low-ticket market in India.

At Kreon Financial Services Limited, till date we have continued to focus on a singular portfolio backed by advanced technical integration across the value chain. We believe that approximately 10 million plus students are willing to take loans and out of which 1 million potential users are willing to avail credit through our StuCred platform. Ensuring healthy asset quality and surplus liquidity remain among our key priorities. Backed by a sturdy foundation, experienced leadership, and profound understanding of the market environment, we ensured consistent value and trust for our stakeholders. With a sound risk control framework, transparent business practices and healthy asset quality, we have emerged stronger. Our stable returns truly demonstrate the strong confidence of our institutional and retail investors in strategic roadmap and professional leadership.

Our performance across business remained satisfactory during the year with top line growth of 70% and Networth growth of 58% during FY23-24. This performance although not a stellar one, but is an early sign of fructification of our vision and efforts towards the mission of financial inclusion of the under served community. Our strength lies in the disruption through unyielding innovation. This drives our ongoing growth. Our deeply ingrained focus on technology empowers us to progressively enhance our performance every year.

Ms. Shoba Nahar, Chief Financial Officer

Singular focus, digital inclusion by incorporating knowledge and integrating technology

Our digital transformation has significantly strengthened our asset quality. From customer on-boarding to loan disbursement and collection, we deliver a completely paperless experience through our digital platform. We have also made repayments easy and secure for our customers with our StuCred App. By leveraging digital platforms and technologies in our business, we have enhanced our efficiency, reduced our costs, and improved risk management, expanded market reach, ultimately improving our financial fundamentals thereby helping us to remain at the forefront of the student loan sector, distinguishing us from our competitors.

₹ 29,800 Lakhs
Total disbursement

through StuCred
platform

So how does StuCred works in 4 simple steps?

GETTING REGISTERED
One can create StuCred profile by filling in basic personal details, college information and completing the KYC.

LINKING VPA/UPI
To avail and to repay, StuCred uses the most feasible VPA method. One can register its existing VPA (Virtual Payment Address) that is linked to its bank to get access to funds.

AVAILING CREDIT DIRECTLY TO BORROWERS BANK ACCOUNT
Once the borrower completes the KYC and the VPA/UPI linking steps, it can avail credit in a minute's time without any interest.

BUILDING THE CREDIT SCORE WHILE INCREASING THE CREDIT LIMIT
Once the borrower repays existing credit on time, it can simultaneously increase its credit limit upto Rs.15,000 at StuCred's platform. This also increases the borrower's credit score for availing better credit opportunities in future as well.

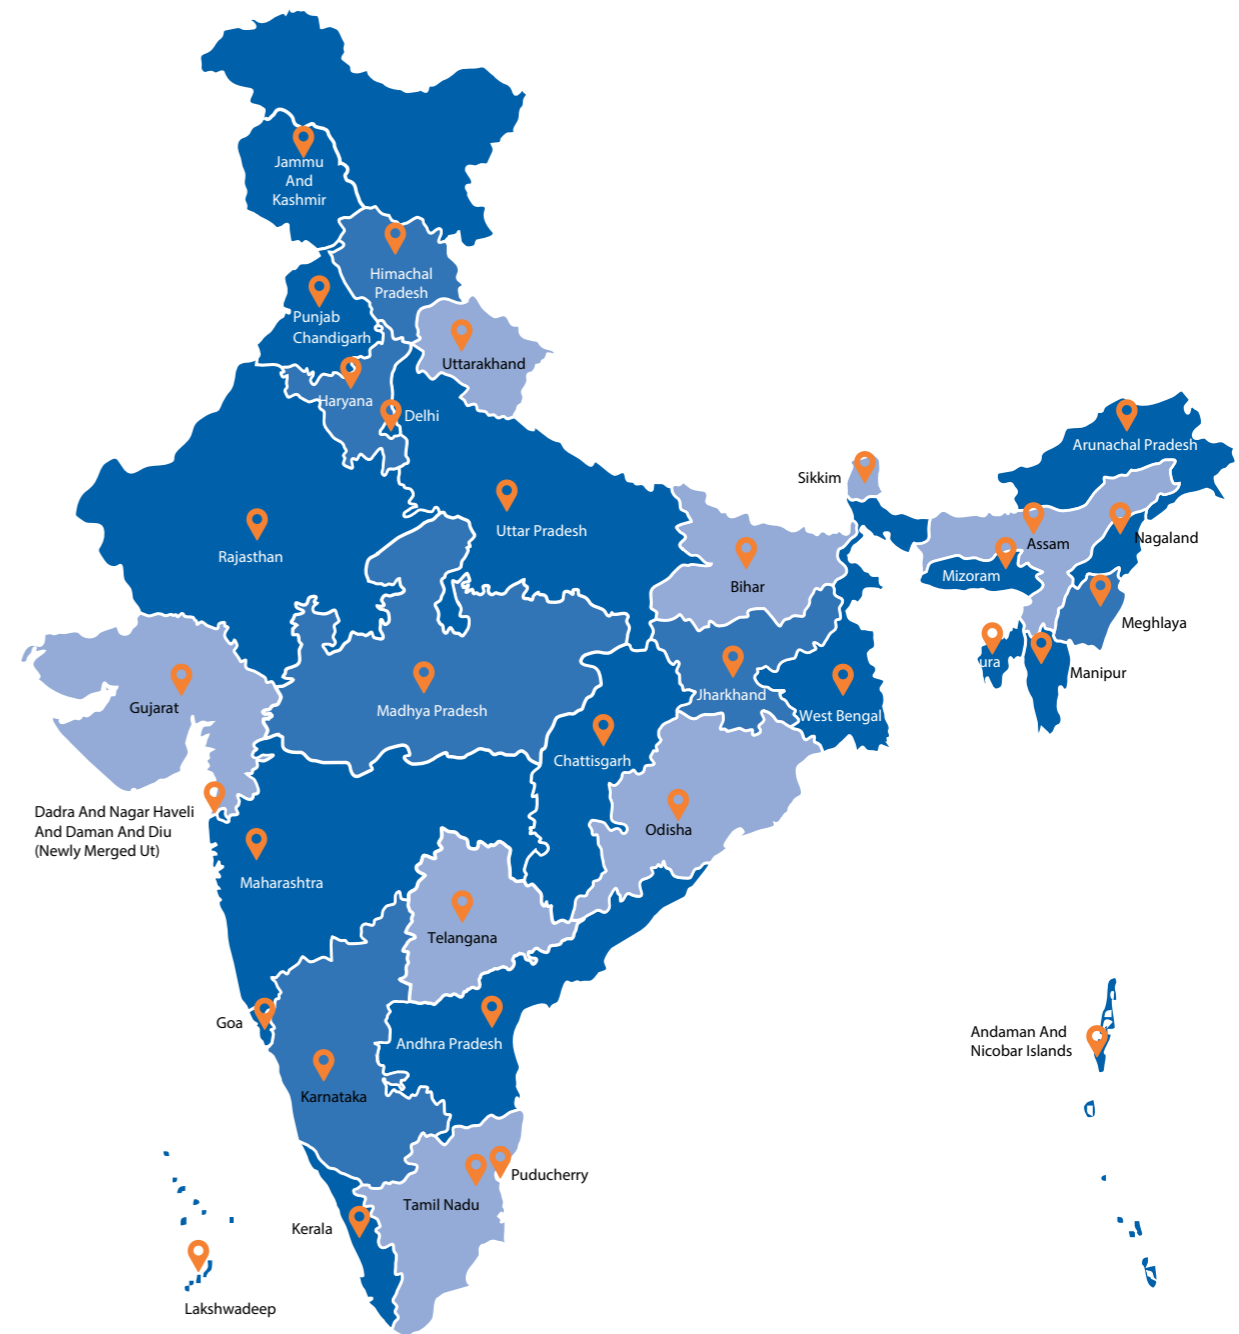

Singular focus, digital inclusion by expanding our footprints

In today's hyper-connected world, new age fintech companies can rapidly expand their service coverage, leveraging the ubiquity of smartphones and the growing demand for digital financial services. By this, not only they offer traditional products offering but can also diversify their product portfolios to cater to a wider range of customer needs in a short span of time.

With a vast population and a majority of them being students, it is found that the cost of education has been steadily rising, outpacing inflation. This makes it increasingly difficult for students, especially from lower to middle-class families, to finance their education without external support. Traditional options like parental support, scholarships, and government grants might not always cover the entire cost, creating a credit gap.

Added, unforeseen expenses like accommodation issues, medical bills, or equipment needs during course of studies sometimes also necessitate a quick loan solution. During FY 2018-19, we at Kreon Financial Services Limited found a huge gap in credit offering to the student's community. We launched the revolutionary StuCred App at Android platform, which aimed at building the gap between traditional banks/NBFCs and the

student's community providing them with easy and hassle free access to credit. Within three years of its launch, it has become an instant hit and today enjoy a rating of 4.5. In last 5 years, we disbursed more than Rs. 29,800 Lakhs of credit covering almost 35 States/Union Territories. During the FY 23-24, we added more than 11,000 colleges to enhance the effectiveness and reach of our services, specifically targeting the student community.

StuCred helped me during my medical emergency. I strongly recommend this app to all.

Rushik Reddy, NIIT University, Rajasthan
Loved it!! StuCred helped me when I really needed money. Awesome app for college students.

Rohit Srivastav
StuCred is a game-changer! This app has revolutionized the way I manage my academic life, since I have been using this app April 2022. With its intuitive interface and comprehensive features, I've been able to stay organized, track my progress, and even connect with peers seamlessly. The reminders and notifications keep me on track, and the ability to sync across devices ensures I never miss a beat. Thank you, StuCred team, for creating such an invaluable tool for students everywhere!

Menneni Midhunidhar Rao
StuCred has been a lifesaver for managing my finances as a student. The quick and hassle-free loan approval process helped me out during unexpected expenses. The app's user-friendly interface makes it easy to navigate, and the repayment options are flexible, which is a huge relief. Overall, StuCred is a must-have for any student looking for financial support.

Asur
StuCred has been an absolute game-changer for managing my student finances. As a student, I've often struggled to keep track of my expenses and balance my budget, but StuCred has made it incredibly easy. The app's intuitive interface allows me to monitor my spending, set budgets for different categories, and receive helpful reminders when bills are due.

Suhash Tatapudi
Being a teen, the importance of money is understood quite differently, and in a take-it-for-granted way for most. But here's StuCred to change that perspective. An instant way to get money, on-the-go, and yet teaches and assists how to manage it pretty well. Also helps to acquire Credit Scores!! Amazing initiative. Pretty much more than just a rating 5.

Likhith Singha
I've been using StuCred app for 1&half year and I never had any problem or issues regarding my repayment or my payment. This app works really well, easy to use, they increase limit based on their profile levels. You can also extend your loan amount due to any financial issue. This app is really amazing for students. I had a great experience. Thank You!!

Singular focus, digital inclusion through our people-centric approach

Human capital is not only essential for organizational success but also plays a vital role in driving economic growth. At Kreon Financial Services Limited, our people-centric approach reflects our commitment to building meaningful relationships and fostering growth, both within our organisation and the customers we serve. We pay special attention towards infusing diversity and inspiring and cultivating skilled talent – the foundation that continues shaping our future.

Diversity and Inclusion

We believe that diversity in our workforce drives innovation and connects us to stakeholders. Our diversity and inclusion strategy thus focuses on striving for continued progress. In this context, 50% of our permanent employees are women, who have continuously added value to our business. Besides, we focus on attracting the best talent to work for our organization.

Hiring

Finding the right talent for the right job has always been our approach for hiring new talents. We have structured recruiting programs including summer internship, apprenticeship, and full-time roles. Our recruitment is impartial, and time bound. Our hiring process comprises of three well defined steps prior to the interview process as presented below:

Manpower planning and compensation discussion

Approval of higher management and development of job description

Upload details of job opportunity with third party job portals and our company website

Performance Evaluation

To assess and improve our employees, we have established a comprehensive performance appraisal and promotion system. Under the performance appraisal system, we regularly conduct comprehensive evaluation on employee's work performance, training records and personal qualities based on the principles of fairness, consistency, and objectivity.

Employee Training

Training is important for organizational success. Not only do these programs offer opportunities for staff to improve their skillsets, but also enhances employee productivity and company culture. We have structured training programs for which need assessments are done at three levels: organisational, operational and individual.

Singular focus, digital inclusion begins with a question of where do we put Relationship on a Balance Sheet?

At Kreon Financial Services Limited, we recognise that growth does not come from how well we can grow our assets. But from how well we can grow our relationships. So the soul of our unwritten mission statement is not about the profits for the Company, but with value for the stakeholders associated with the Company. We work with developers, government agencies, bankers and other stakeholders associated with the Company on a long-term perspective. Innovative management policies ensure the development and trust of various stakeholders. Our above-industry average performance has come from the extension of this value beyond a one-off transaction into a sustainable relationship across the long-term.

Comfort of lenders

Our strong financials are backed by impeccable credibility across our value chain as well as national and global financial institutions. In a significant assessment and recognition of our trustworthiness, the credit rating of the Company stood at BWR BB/Stable assigned by Brickwork Ratings India Pvt. Ltd. Such healthy credit lines enabled the Company to offer credit to the student's community at zero interest rates and help the company remain agile.

Government agencies and industry associations

We also endeavour to be a responsible corporate citizen, contributing to the country's exchequer. This has prudently been reflected in our Balance Sheet, that in last 5 years whereby we contributed in form of various taxes. To protect the interests of the industry, and advocate its needs and requirements, we also actively participates in various forums. Apart from policy advocacy, this participation also helps us to remain abreast of industry developments and further our position as a thought leader in the industry.

The company is a member of Fintech Association for Consumer Empowerment (FACE). It is a self-regulatory industry body of fintech lenders in India.

Corporate sustainability

Sustainability is the fundamental principle of corporate journey. We see it as a way to deepen our understanding of how to be better to our people and our surroundings. Although the guidelines of Corporate Social Responsibility are not applicable to us as per the regulations of the Companies Act, 2013, but we look forward to peruse the same from Current Year onwards.

Governance

We are dedicated to upholding the governance policies that drive growth and profitability, while prioritising financial discipline, ethics, transparency, and trust. Our long-term corporate goals focus on enhancing shareholder value and safeguarding stakeholders' interests.

We experienced significant regulatory changes during the year while reimagining our business digitally to ensure compliance. RBI introduced guidelines on digital lending, which provided clarity on various aspects to be followed by NBFCs in digital lending. We proactively ensured compliance with these guidelines by engaging with various forms and co-lenders. We ensured adoption of all requirements in line with the scale-based regulatory framework; The retrieval of customer's KYC documents from the Central KYC Registry portal, subject to the prior written consent of the customer(s), also eased the customer journey and experience; Conducted periodic reviews and updated all policies and SOPs; Automated system-based triggers for identifying suspicious transactions; Conducted training sessions on the digital lending guidelines and KYC norms.

Board framework

As at March 31, 2024, our Board comprised of 4 Directors, 2 Independent Directors, 2 Women Directors. All the Non-Executive Directors are eminent professionals and bring the wealth of their professional expertise and experience to the management of our Company. We have also set up various committees to look into the redressal of the complaints of investors as per the requirement of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. 8 Board meetings, 100% Attendance

Due to these stringent governance practices and timely regulatory compliance, we received appreciation for prompt filing of GST returns for FY 2022-23.

Singular focus, digital inclusion through stakeholders engagement

In its thirty year journey of leaving a steady footprint in the finance industry, we recognise the underlying strength of many partnerships our Company formed over the years, with diverse stakeholders, which have been contributory to our success.

Stakeholders provide Kreon Financial Services Limited with critical resources that enable the company to generate competitive sustainable value in the short, medium and long term. Engaging with the key stakeholders allows us to understand their viewpoints and their expectations and needs. The feedback generated enables us to develop effective strategies for value creation through the refinement of our service offering. We engage with our stakeholders via multiple channels on a periodic basis

Stakeholder engagement process

Stakeholder engagement entails five phases including identify and assess, plan, engage, review and report. Upon identifying our main stakeholders and based on the respective stakeholder group's importance and impact on our Company, we carry

out our assessment and planning to determine the scope and objectives as well as the resources to be allocated to address their needs. The mode of engagement is a vital factor which enables us to effectively evaluate their concerns and formulate our strategies.

Risk Management

Risk Management is a key element of our business strategy and is integrated seamlessly across all our business operations. We seek to foster a strong and disciplined risk management culture across all our business departments and all levels of employees. We take a holistic view of risk management and undertake an enterprise-wide risk management approach. This provides a sound foundation to ensure that the risk-taking activities across the Company are in line with the business and the risk appetite approved by the Board and regulatory requirements. The services offered at Kreon Financial Services Limited are exposed to various risks that are either inherent to the business or exposed to the changes in external environment. In order to maintain financial soundness of the Company, we seek to promote a strong risk culture throughout the organisation. Chairman's Perspective

Dear Shareholders

Seeing a problem makes you human. But finding a solution? That's visionary! And if you actually go out and take action? That's when you become a Change Maker.

Enshrining the above words both in spirit and in action, we, at Kreon Financial Services Limited, are endeavoring to be the change-makers pursuing a mission to re-imagine and simplify banking for all. And, in this journey, year 2023-24 was full of learnings. Amidst the global headwinds, we continued to experience the exponential power of the Fintech industry. This industry has given us a level playing field and we are amazed by it. The euphoria of the first five year with the introduction of digital lending through StuCred App has led us into the sixth year of stable operations. Like a sapling, we are growing steadily and continuously, and my team and I are focused on building a strong foundation of a new age Fintech platform coupled with simple and transparent policies make it easier for borrowers to deal with us. The essence of who we are and what we do for our customers is captured in the theme of this Annual Report - Singular Focus through Digital Inclusion.

Speaking of macros, I am thrilled to reach out to you to discuss our innovative vision for the future of digital lending and its significant impact on our Company's continued growth and success, as evidenced by our progress in recent years. There is an unprecedented optimism related to India's economic direction. There

is a growing consensus that the complement of India's reforms, long-term policies, accelerating consumption and demographic dividend is coming together to create a noticeable momentum. Fintech lending solutions are expanding financial inclusion. The Jan Dhan-Aadhaar-Mobile (JAM) trinity has been pivotal in this regard, enabling millions of Indians to access banking services. Digital initiatives like the Aadhaar-enabled Direct Benefit Transfer (DBT) scheme and various online government services aim to improve transparency and efficiency in governance.

Given the large student population, it has been observed that the cost of education is continuously increasing at a faster rate than inflation. This poses a challenge for students, particularly those from lower to middle-class backgrounds, to afford their education without assistance. While traditional sources like parental funding, scholarships, and government aid may not always suffice to cover all expenses, this results in a financial gap. Moreover, unexpected expenses such as housing problems, medical emergencies, or additional educational requirements may arise during the academic journey, often necessitating a prompt loan option. We are excited by the growth opportunities observed while serving the financial

needs of the under served communities – students community through a relentless focus on risk adjusted returns.

Coming as we did from a favorable 2022-23, a fair amount of expectations had been built into our prospects for 2023-24. On the contrary, the year under review was one of the most challenging encountered by us. Although our Total Income stood at ₹1,637.28 Lakhs and our Disbursements surged by 42%, but our Post Tax Profit declined by 86.39%. The sub-optimal performance was largely the result of a write-off of ₹ 670.80 Lakhs which will help us to present a credible picture of our balance sheet for the benefit of our shareholders in the years down the line.

Our commitment to building scale has been instrumental in our growth and success. As of March 2024, we expanded our footprints to approximately 21,000 colleges across India, thereby allowing us to reach more customers across locations. As a result, our total user base at Playstore platform increased by ~50%-70% on a year-on-year basis. We continue to expand our footprint that deepened our presence in existing cities/towns and sustain our journey into adjacent localities. At present, we cater to 35 States/ Union Territories domestically. In addition to our growing network, we continue to prioritize value-accretive partnerships that enhance our digital channels, enabling us to tap new customer segments, particularly those new to the Company. In doing so, we tied-up with more than 17 brands and offered discounts to students across categories including – Fashion, Travel, Entertainment, Education, Hospitality and Electronic Gadgets.

We believe that our success is built on the foundation of four pillars – prudent risk management, financial capital, human capital and technology.

Risk: Our entrepreneurial culture of finding solutions to hard problems, strong risk and governance culture enabled us to price risk sustainably. After serving sustainably to our customers through a single product domain, we now aim to de-risk ourselves from the cyclicity of the same and explore new areas of funding to the unserved in the financial domain.

Financial Capital: Our strong relationships with lenders and bankers has enabled access to diversified and cost-effective long-term financing thereby indicating long-term stability and liquidity of our balance sheet. The fundamentals translated into a stable credit rating of the Company.

I am thrilled to reach out to you to discuss our innovative vision for the future of digital lending and its significant impact on our Company's continued growth and success

Human Capital: Our focus continues to be on providing an exciting workplace to our employees that fosters open communication, transparency, and emotional well-being. Specifically for gender equality, our initiative encompasses promoting gender diversity, equality, and inclusion in the organization.

Technology: In our pursuit of a digital future, we have achieved remarkable results. Collaborations with renowned technology and consulting firms have fortified our technological capabilities, enabling us to create seamless customer journeys. Our unwavering commitment to delivering exceptional customer experiences and ensuring customer delight remains the cornerstone of our day-to-day operations.

We believe that the leadership of an organisation must have diverse experiences merging into a common goal. As a custodian of trust for all our stakeholders, our Board of Directors foster a culture of sound corporate governance. Time and again we have received guidance and support from our Board of Directors and I would express a sincere thanks to all my present and past Board members for their immense contributions in our journey.

I would like to extend my gratitude to our shareholders, employees, customers, partners and regulators for their continued support, encouragement and trust. I am confident that with a dedicated focus, we will continue to march ahead with our mission of digital inclusion and sustainable growth, profitability and value creation for all our stakeholders. Together with our entire StuCred Family, we look forward to executing our new growth strategy so that millions of new age students can fulfill their dreams.

Thanking you

Management Discussion & Analysis

Indian Economic Review

Following a successful moon mission and hosting the G20 Summit, India is positioned to emerge from 2023 with increased stability and optimism for its growth and future prospects. The country's attractiveness as an investment destination remains robust, given the size and scale of operations it has to offer to global companies, abundant skilled talent pool, and prowess in technology and innovation.

India's Nifty 50 index, hit a new high, up 16% this year. It surpassed Hong Kong's Hang Seng index, which fell 18% stock market is now the seventh largest with a market capitalization of US\$3.989 trillion. High performing sectors predicted for 2024 include banking, healthcare, and energy. India's ease of doing business reforms centered on streamlining and digitising regulatory compliance processes throughout the entire business lifecycle, spanning from incorporation to the cessation of operations. Furthermore, the 2023 survey conducted by the United Nations Economic and Social Commission for Asia Pacific (UNESCAP) on digital and sustainable trade facilitation positioned India as a leader in global trade facilitation efforts, achieving an impressive score of 93.55% in 2023 compared to 90.32% in 2021. India's combined exports of merchandise and services for April-October 2023 was estimated at US\$437.54 billion.

INDUSTRY STRUCTURE AND DEVELOPMENTS

NBFC segment in India

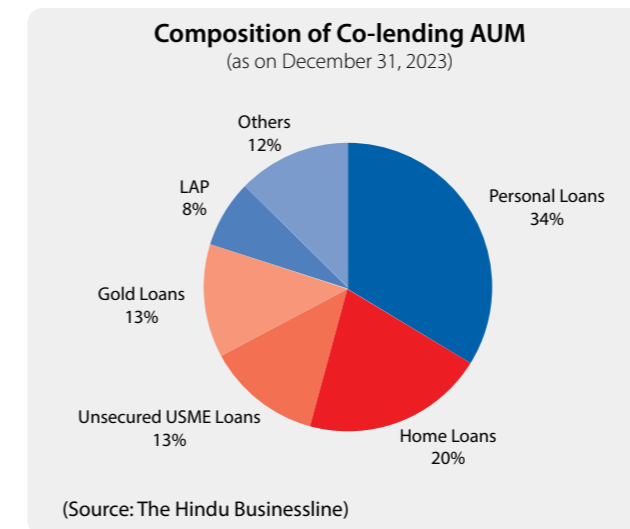

NBFCs have become a trusted and dependable source of financing for a diverse array of individuals and businesses, including small and medium-scale enterprises, as well as those who have been traditionally left out of the financial system. With their extensive reach, tailored approach to assessing financial needs, and quick processing times, NBFCs have been able to cater to a wide range of borrowers' debt capital requirements in a highly efficient and seamless manner. In the FY 2023-24, NBFCs have prioritized technology-driven distribution and financial inclusion, setting the stage for continued technological advancement in FY 2024-25.

As of 2023, the NBFC sector has reached an impressive size of USD326 billion, underscoring its expanding influence in the financial domain. The sector has also shown resilience in terms of sound capital position, improved asset quality, adequate provisioning and higher profitability. Furthermore, the sector has leveraged digitisation to offer alternative financing options, especially to the MSMEs, which face challenges in obtaining loans from traditional banks. As of 30th September 2023, there were a total of 9,356 NBFCs registered with the Reserve Bank of India (RBI). Since the implementation of Scale Based

Regulation (SBR), NBFCs have been segregated into four layers, namely, a Base Layer (NBFC-BL), a Middle Layer (NBFC-ML), an Upper Layer (NBFC-UL) and a Top Layer (NBFC-TL), based on size, activity, and the perceived level of riskiness.

As of the end of March 2024, the aggregate credit extended by Non-Banking Financial Companies (NBFCs) in India showed significant growth. The total credit extended by NBFCs reached Rs.30.8 lakh crore, marking a robust expansion driven by strong performances across various sectors, particularly personal loans and loans to the industrial sector. NBFCs co-lending AUM which is nearing Rs.1-lakh crore is also expected to grow by 35-40% in medium term. Co-lending AUM of NBFCs' is estimated to be around Rs.75,000 crore as of September 2023, up from Rs.55,000 crore in March 2023. Personal loans account for a third of overall co-lending AUM across the industry, followed by housing loans at around 20% and unsecured MSME loans and gold loans at 13% each. Secured MSME (including loans against property) and vehicle loans comprise the remaining 20%.

The total GNPA ratio of NBFCs improved to 4.6% in September 2023, down from 5.9% in September 2022. Notably, the personal loans segment which experienced rapid growth in recent years, reported the lowest GNPA ratio at 3.6% as of September 2023. The GNPA ratio for industrial advances made by private NBFCs stood at 12.5%, representing 21.6% of the overall GNPA of the NBFC sector. The borrowing cost or cost of funds for NBFCs increased sharply by 25-50 bps (basis points) over the last quarter of fiscal 2024. It is expected that the increased cost of funds should result in some compression in net interest margins (NIMs).

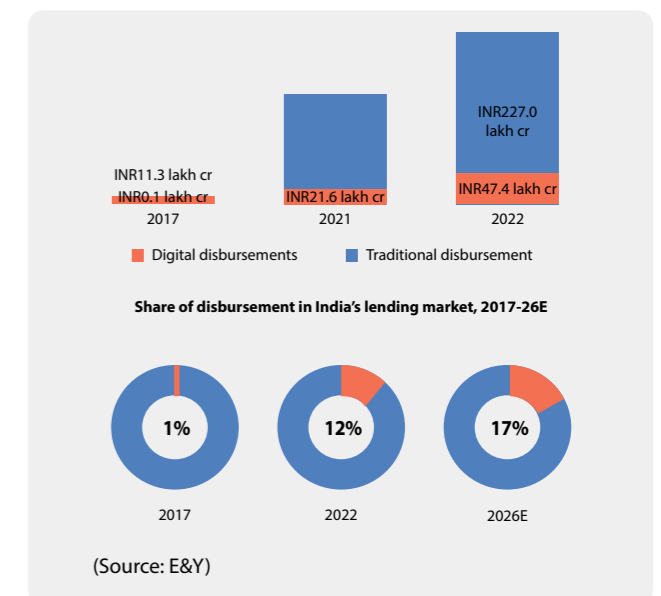

Outlook

NBFC's are expected to witness their growth moderating

to 16%-18% in FY-24, on the back of the recent regulatory changes and slower expansion in certain asset classes. With the introduction of Digital lending Guidelines in 2022, RBI has emphasized the growth of Fintech market. In the FY 2023-24 more regulatory guidelines were introduced by RBI to streamline and regulate the Digital lending activities and to curtail frauds and safeguard the end users. It is expected that NBFCs would focus on diversifying their portfolio and recalibrate cost structures and funding profiles, funding avenues and strong asset liability management. It is also expected that credit demand in the sector will continue to grow as inflation subsides (already hovering around the tolerance band) and interest rates stabilize in the next 6 to 9-month cycle. The increased risk weight for NBFC loans under the new RBI regulations will raise borrowing costs for NBFCs, however, the impact could be short-term in nature as NBFCs will be able to adjust their lending rates accordingly and with the integration of technology, NBFCs with responsible lending practices, creating a positive impact, will lead the way. With the growth witnessed in the NBFC sector in the recent years and India reaching an estimate of USD7 trillion GDP by 2030, India's financial need will rise, creating ample opportunities for NBFCs.

Fintech and digital lending segment in India

In an era defined by rapid technological advancements and unprecedented digital transformation, the financial sector finds itself at the intersection of innovation and disruption. Fintech, the convergence of finance and technology, has emerged as a catalyst for change, reshaping traditional banking, investment, and payment systems worldwide. In India, a nation renowned for its entrepreneurial zeal and technological prowess, the Fintech revolution is unfolding with remarkable vigor.

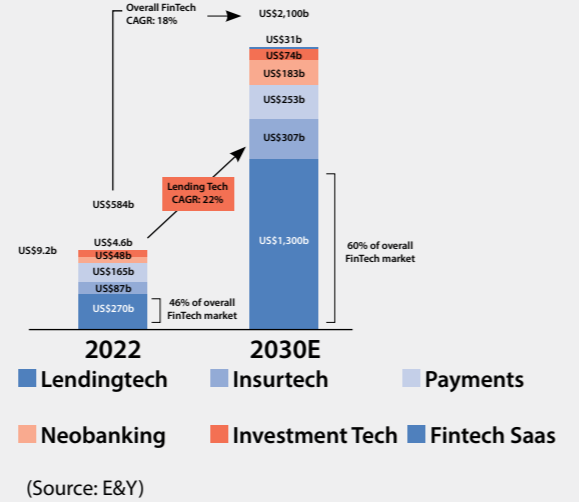

The country is experiencing rapid economic growth, with household consumption forecasted to reach Rs.224 lakh crore (US\$ 3 trillion) by FY26. This growth spans across all income levels, creating significant opportunities in the financial services sector, particularly in the realm of credit. Despite the increasing demand for credit, there remains a notable disparity between supply and demand. Scheduled commercial banks have traditionally been at the forefront of meeting credit needs, but there is now a surge in the emergence of technology-driven players in the market, driving the shift towards digital lending. While digital lending in India is still in its early stages compared to traditional lending, it is rapidly expanding. It is projected that total digital lending disbursements will exceed Rs.47.4 lakh crore by 2026 up from Rs.21.6 lakh crore in FY 22, representing a CAGR of 22%. At 87%, India has the highest Fintech adoption rate among the public compared to the global average of 64%. With this, India has gained the 3rd place in digital payments only after the US and China. These opportunities, along with the favourable ecosystem, create a large growth potential for Fintechs in India.

Factors such as socio-economic conditions, demographics, technological progress, infrastructure development, and increasing credit demand are distinct to India and are fueling the expansion of digital lending in the nation. The growth of digital lending players (LendTechs) is extending across borders, encompassing a substantial segment of the overall Indian FinTech market. It is anticipated that their market share will continue to increase Infrastructure development initiatives, such as eKYC, Open Network for Digital Commerce, Open Credit Enablement Network, etc., and policy-led initiatives such as First Loss Default Guarantee (FLDG) program approval are being targeted towards the promotion of digital lending and are helping solve persistent challenges of Indian lending market. There is also a concerted attempt on the part of the government and regulators to push financial institutions to scale up green/ sustainable digital lending and financial inclusion via collaboration among FinTechs, banks, and NBFCs.

The growth of digital lending has been driven by various factors which includes:

The global financial services industry has undergone significant transformation through the adoption of emerging technologies and innovative solutions, and India's financial services industry is no exception. Furthermore, with India's FinTech adoption rate at 87%, significantly surpassing the global average of 64%, the pace of change has accelerated even more.

India's FinTech market opportunity (market size), total vs. digital lending, 2022-30E

LendingTechs, which provide digital lending solutions, constitute a significant portion of the overall Indian FinTech market, accounting for 46% of the total market in FY22 and expected to rise to 60% by FY30.

OPPORTUNITIES AND THREATS

Opportunities

Socio-economic factors

- Increase in employment: Worker Population Ratio (WPR) as per Period Labour Survey conducted between June 2022-June 2023, increased to 59.4% in 2023 against 48.1% in 2017-18 . RISK AND CONCERN

A company in its normal course of working takes on many risks. For a Non-Banking Finance Company the risks that are most important are operational risk, credit risk, regulatory risk, liquidity risk, competition risk and employee risk. The identification, monitoring and mitigation of these risks are integral to the success of the company.

Risk Management broadly covers the above risk. The risk management framework is based on a meticulous assessment of risks through proper analysis and

understanding of the underlying risks before undertaking any transactions and changing or implementing processes and systems. This risk management mechanism is supported by regular review, control, self-assessments and monitoring of key risk indicators.

Industry risk	The Company is exposed to various external risks which have a bearing on its sustainability and profitability. The volatile macroeconomic scenario and sector-specific imbalances result in loan asset impairment. Mitigation: Our dedicated team evaluates the trends in the economy and various other sectors. The Company possess an experience of more than 3 decades in the NBFC sector coupled with its customer reach enables it to sustain growth even in difficult financial conditions.
Operational Risk	Operational risks can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software or equipment, fraud, inadequate training and employee errors. Mitigation: We have adopted all contemporary and proficient operational methods and systems. Faster loan disbursement through quick credit appraisal has defined the Company's operational benchmarks. Additionally, regular internal audit provides a check on deviation arising from any contingent operational inefficiency.
Credit Risk	The risk associated with the failure of the borrower to meet financial obligations to the lender in accordance with the agreed terms is known as Credit Risk. If any of our borrowers fail to discharge their obligations to us, it would result in financial loss. Mitigation: Comprehensive review exercise is conducted for credit approvals, ensuring proper documentation, carrying out extensive credit appraisal, conducting periodic reviews etc., is done as a part of credit risk mitigation. Various norms for customer identification and evaluation procedure for prospective credit proposals have been stipulated as a part of risk mitigation.
Regulatory Risk	The risk arises out of a change in laws and regulation governing our businesses. It could also arise on account of inadequate addressal of regulatory requirements or differences in interpretation of regulations vis-à-vis the regulators. Mitigation: All the periodic guidelines issued by the RBI are fully adhered to and complied with by the Company. We also follow stringent review systems to ensure compliance with the statutory guidelines and norms of the NBFC and Fintech lending industry. We have a team of experienced professionals reporting to Group Head – Compliance, Legal & Company Secretary which takes care of compliance with applicable laws, rules, regulations and guidelines affecting our businesses.
Liquidity Risk	Liquidity risk is the risk of not honouring liabilities to different financial and non-financial institutions. This risk can result in shortfall and cash flow and can permanently damage the credibility of a Company. Mitigation: Board of Directors meets regularly to review the liquidity position, based on future cash flows. As and when required the Company get its funding requirements from diverse sources, including Banks, Institutions, etc.
Competition Risk	Competition from new entrants or unorganised sector or diversification by existing financial Institutions may hamper the future growth of the Company. Mitigation: Fair and transparent practices help the Company gain competitive advantage over other entities. Our human resource policies and a healthy positive work environment help us attract and retain best talent on a continuous basis.

Employee Risk

The Company's success depends largely upon the quality and competence of its management team and key personnel.

Mitigation: Attracting and retaining talented professionals is therefore a key element of the Company's strategy and a significant source of competitive advantage. While the Company has a salary and incentive structure designed to encourage employee retention. Any failure to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an impact on the Company's business, its future financial performance and the results of its operations.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

Employees of the Company are not only considered to be the stakeholders in the corporate growth but also are the key drivers of its performance. The Company always endeavours to provide an environment that encourages talented professionals to perform to their fullest potential. The Company owes its success to its loyal and efficient human asset. The Company believes that, by effectively managing and developing human resources, it can achieve its vision. It imparts specialized and technical training to its employees at regular intervals, which enrich their knowledge, skill and competency to perform their job effectively and efficiently. This also encourages employees to shoulder more responsibilities and take part in the growth of the Company's business.

ANNEXURE - V

REPORT ON CORPORATE GOVERNANCE

Corporate governance is about promoting fairness, transparency, accountability, commitment to values, ethical business conduct and about considering all stakeholders' interest while conducting business.

In accordance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto, (the 'SEBI Listing Regulations'), given below are the corporate governance policies and practices of Kreon Financial Services Limited (the 'Company' or KFSL) for FY 2023 -24.

This report outlines compliance with requirements of the Companies Act, 2013, as amended (the 'Act'), the SEBI Listing Regulations and the Regulations of RBI for Non-Banking Financial Companies (the 'NBFC Regulations'), as applicable to the Company. As will be seen, the Company's corporate governance practices and disclosures are well beyond complying with the statutory and regulatory requirements stipulated in the applicable laws.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE.

KFSL believes that effective Corporate Governance is not just the framework enforced by the regulation, but it is supported through the principles of transparency, unity, integrity, spirit and responsibility towards the

stakeholders, shareholders, employees and customers.

KFSL's philosophy on Corporate Governance is about intellectual honesty whereby the governance is not just about encompassing regulatory and legal requirements but also dwells deeper into the ethical leadership and stability. The Company's Code of Conduct for Directors and Senior Management, robust Board governance processes and strong audit mechanisms reflects our commitment to good Corporate Governance framework in all facets of procedures and reporting systems with strong emphasis on transparency, accountability and integrity.

Good Corporate Governance practices enhances long term shareholders value through assisting the top management in taking sound business decisions and prudent financial management and achieving transparency and professionalism in all decisions and activities of the Company.

GOVERNANCE STRUCTURE BOARD OF DIRECTORS

The Board is entrusted with an ultimate responsibility of the Management, directions and performance of the Company. As its primary role is fiduciary in nature, the Board provides leadership, strategic guidance, objective and independent view to the Company's management while discharging its responsibilities, thus ensuring that

We have audited the accompanying standalone financial statements of **Kreon Financial Services Limited, Chennai**, which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2024; and its Profit, Total Comprehensive Income, the changes in Equity, and Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sl. No	Key Audit Matter	Auditors' Response
1	Compliance and disclosure requirements under the applicable Indian Accounting Standards, RBI Guidelines and other applicable statutory, regulatory and financial reporting framework.	<p>We have assessed the systems and processes laid down by the company to appropriately ensure compliance and disclosures as per the applicable Indian Accounting Standards, RBI Guidelines and other applicable statutory, regulatory and financial reporting framework.</p> <p>We have designed and performed audit procedures to assess the completeness and correctness of the details disclosed having regard to the assumptions made by the management in relation to the applicability and extent of disclosure requirements; and have relied on internal records of the company and external confirmations wherever necessary.</p> <p>We checked the stage classification as at the balance sheet date as per the definition of Default of the Company and Reserve Bank of India circulars issued from time to time.</p> <p>We have checked on sample basis that the stage classification for the borrowers has been given in accordance with the Resolution Framework issued by Reserve Bank of India (the 'RBI') and the Board approved policy for ECL provisioning and stage classification with respect to such accounts;</p>
2	Completeness in identification, accounting and disclosure of related party transactions in accordance with the applicable laws and financial reporting framework.	<p>We have assessed the systems and processes laid down by the company to appropriately identify, account and disclose all material related party transactions in accordance with applicable laws and financial reporting framework. We have designed and performed audit procedures in accordance with the guidelines laid down by ICAI in the Standard on Auditing (SA 550) to identify, assess and respond to the risks of material misstatement arising from the entity's failure to appropriately account for or disclose material related party transactions which includes obtaining necessary approvals at appropriate stages of such transactions as mandated by applicable laws and regulations.</p>

Independent Auditor's Report

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's report, Management discussion and analysis and Report on corporate governance, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is no material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) A. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those;
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

Independent Auditor's Report

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations, if any, on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law and Accounting standards, for material foreseeable losses, if any, on long-term contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the investor's education and protection fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year, hence compliance with provision of section 123 is not applicable for the year.
 - vi. Based on our examination, which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording of audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for records retention is not applicable for the financial year ended March 31, 2024.

“Annexure A” to the Independent Auditor’s Report

(Referred to in Paragraph 2 under the heading “Report on Other Legal and Regulatory Requirements” of our report of even date on the accounts of Kreon Financial Services Limited, (“the Company”), for the year ended March 31, 2024)

- i)
 - (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its Property, Plant and Equipment (PPE).
 - (b) According to the information and explanations given to us, physical verification of PPE is being conducted in a phased manner by the management under a programme designed to cover all the PPE over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and nature of its business. Pursuant to the program, a portion of the PPE has been physically verified by the management during the year and no material discrepancies between the books records and the physical PPE have been noticed.
 - (c) There are no immovable properties in the name of the company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.

 - (b) The company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets.
- iii)
 - (a) The Company is registered with Reserve Bank of India (RBI) under section 45-IA as a non- banking financial company, and its principal business is to give loans. Accordingly, the provisions of clause 3(iii)(a) of the Order are not applicable to the Company.
 - (b) Based on our examination and the information and explanations given to us, in respect of investments/ guarantees/ securities/ loans/ advances in nature of loan, in our opinion, the terms and conditions under which such loans were granted/ investments were made/ guarantees provided/ security provided are not prejudicial to the Company’s interest.
 - (c) In respect of the loans/ advances in nature of loan, the schedule of repayment of principal and payment of interest has been stipulated by the Company. Considering that the Company is a non-banking financial company engaged in the business of granting loans majorly to retail customers, the entity-wise details of the amount, due date for payment and extent of delay (that has been suggested in the Guidance Note on CARO 2020 issued by the Institute of Chartered Accountants of India for reporting under this clause) have not been reported because it is not practicable to furnish such details owing to the voluminous nature of data generated in the normal course of the Company’s business. Further, except for the instances where there are delays or defaults in repayment of principal and/ or interest, the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest, as applicable. The Company has recognised provisions against the above loans, in accordance with the principles of Indian Accounting Standards (Ind AS) and the guidelines issued by the Reserve Bank of India (“RBI”) for Income Recognition and Asset Classification.
 - (d) In respect of the loans/ advances in nature of loans, the total amount overdue for more than ninety days as at March 31, 2024 is Rs.684.26 Lakhs. In such instances, in our opinion, based on information and explanations provided to us, reasonable steps have been taken by the Company for the recovery of the principal amounts and the interest thereon.

“Annexure A” to the Independent Auditor’s Report

- (e) This Company is registered with the Reserve Bank of India (RBI) under section 45-IA as a non- banking financial company, and its principal business is to give loans. Accordingly, the provisions of clause 3(iii)(e) of the Order are not applicable to the Company.
- (f) The loans/advances in nature of loans granted during the year, including to promoters/related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand.
- iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and sub-section (1) of Section 186 of the Act in respect of the loans and investments made and guarantees and security provided by it. The provisions of sub-sections (2) to (11) of Section 186 are not applicable to the Company as it is a non-banking financial company registered with the RBI engaged in the business of giving loans.
- v) The Company has not accepted any deposits from public during the year hence the directives issued by RBI and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules 2015, are not applicable.
- vi) The Company is not required to maintain cost records pursuant to the Rules made by the Central Government for maintenance of Cost Records under sub-section (1) of section 148 of the Act.
- vii)
 - (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and services tax, provident fund, employees’ state insurance, income tax, sales tax, service tax, value added tax, cess, and other material statutory dues, as applicable, with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, duty of Customs, duty of Excise, Value Added Tax, Cess and any other statutory dues were outstanding as at March 31, 2024 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us, there are no disputed dues of Goods and Services Tax, Sales Tax, Excise Duty, Customs Duty, Value Added Tax etc., which have not been deposited with the appropriate authorities on account of any dispute.
- viii) According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- ix)
 - (a) Based on our audit procedures and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to a financial institution, bank, or dues to debenture holders.
 - (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
 - (d) According to the information and explanations given to us, and on overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.

“Annexure A” to the Independent Auditor’s Report

- (e) The Company does not have any subsidiary, associates or joint venture, hence sub-clauses (e) and (f) of para 3(ix) of the order are not applicable.
- x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has made preferential allotment of equity shares, and warrants during the year. Based on the information and explanations given to us, requirements of section 42 and section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised.
- xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, the Company has not received any whistle-blower complaints during the year, which have been considered by us for any bearing on our audit and reporting.
- xii) In our Opinion, the company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Therefore clause 3 (xii) of the Companies (Auditor’s Report) Order is not applicable to the Company.
- xiii) The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. “Annexure B” to the Independent Auditor’s Report

“ANNEXURE B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of Kreon Financial Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of M/s Kreon Financial Services Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

“Annexure B” to the Independent Auditor’s Report

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India and jointly controlled companies, which are companies incorporated in India, as of that date.

Notes to the Financial Statement for the year ended 31st March, 2024

Note No:

1 Corporate information

Kreon Financial Services Limited (the company) is a public company domiciled in India and incorporated under the provision of Companies Act, 1956 on 23rd November 1994. Its shares are listed on Bombay Stock Exchange ("BSE") in India. The Company is primarily engaged in the business of retail loan lending through its digital platform "StuCred". It also lends the money for other business purposes.

The Company is registered with the Reserve Bank of India (RBI) as Non-Deposit Taking NBFC and Classified as NBFC - Investment and Credit Company (NBFC- ICC) and Ministry of Corporate Affairs. The registration details are as follows:

RBI	B-07-00023
Corporate Identity Number (CIN)	L65921TN1994PLC029317

The financial statements of the Company for the year ended March 31, 2024 were approved for issue in accordance with the resolution of the Board of Directors on May 29, 2024."

2 Basis of preparation and Presentation of financial statements

Preparation:

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Rules, 2016, notified under the Section 133 of the Companies Act, 2013 ('the Act'). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting standards and other relevant provisions of the Companies Act 2013, guidelines issued by the RBI as applicable to a NBFCs and other accounting principles generally accepted in India. Any application guidance / clarifications / directions issued by RBI or other regulators are implemented as and when they are issued / applicable

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except provided otherwise.

The financial statements are presented in Indian Rupees in Lakhs which is also the functional currency of the Company and all values are rounded to the nearest lakhs, except when otherwise indicated."

Presentation:

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to Non-banking Finance Companies (NBFCs), as notified by the MCA. The Statement of Cash Flows has been presented as per the requirements of Ind-AS 7 Statement of Cash Flows. The Company classifies its assets and liabilities as financial and non-financial and presents them in the order of liquidity.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only where Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis where permitted by Ind AS.

Use of Estimates and Judgements:

The preparation of financial statements in conformity with Indian Accounting Standards requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Notes to the Financial Statement for the year ended 31st March, 2024

2.1 Summary of Significant accounting policies

a) Financial Instruments:

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments.

All the financial instruments are recognised on the date when the Company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Company recognises the financial instruments on settlement date.

1) Financial Assets:

Initial Measurement: All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs are charged to profit or loss. Generally, the transaction price is treated as fair value unless proved to the contrary.

Subsequent measurement: For the purpose of subsequent measurement, financial assets are classified into the following categories as per the Company's Board approved policy:

- Debt instruments at amortised cost
- Equity instruments designated under FVOCI

Debt instruments at amortised cost:

The Company measures its debt instruments at amortised cost if both the following conditions are met:

- The asset is held within a business model of collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the nature of portfolio, the period for which the interest rate is set and other factors which are integral to a lending arrangement.

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument by instrument basis, but at a higher level of aggregated portfolios. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated financial assets going forward.

The business model of the Company for assets subsequently measured at amortised cost category is to hold and collect contractual cash flows. However, considering the economic viability of carrying the delinquent portfolios on the books of the Company, it may enter into immaterial and infrequent transactions to sell these portfolios to banks and/or asset reconstruction companies without affecting the business model of the Company. After initial measurement, such financial assets are subsequently measured at amortised cost on Effective Interest Rate (EIR).

Equity instruments designated under FVOCI:

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. The Company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in other comprehensive income. The classification is made on initial recognition and is irrevocable.

Notes to the Financial Statement for the year ended 31st March, 2024

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

Derecognition: The Company derecognises a financial asset (or, where applicable, a part of a financial asset) when:

- The right to receive cash flows from the asset has expired; or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under an assignment arrangement and the Company has transferred substantially all the risks and rewards of the asset."

Once the asset is derecognised, the Company does not have any continuing involvement in the same.

Financial assets subsequently measured at amortised cost are generally held for collection of contractual cashflow. The Company on looking at economic viability of certain portfolios measured at amortised cost may enter into immaterial and infrequent transaction for sale of portfolios which doesn't affect the business model of the Company.

Impairment of Financial Assets:

General Approach

Expected credit losses ("ECL") are recognised for applicable financial assets held under amortised cost. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss).

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

Lifetime ECLs is calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments. The Company has grouped its loan portfolio into Non-Digital i.e. loans repayable on demand and Digital Loans i.e. Term loans.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. Though there is a rebuttable presumption that the credit risk on financial assets has increased significantly since initial recognition when contractual payments more than 30 days past due. However, the Company is confident as per historical performance that these dues are goods and fully receivable and accordingly classifies all standard advances and advances upto 150 days default under this category.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. More than 150 Days Past Due but less than 360 days is considered as significant increase in credit risk.

Stage 3

All exposures assessed as credit impaired once it becomes 360 days past due are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. As a matter of prudence, at this stage, the company writes off the whole exposure instead of providing for the same.

Notes to the Financial Statement for the year ended 31st March, 2024

The above is then compared with the provisions requirement as per Reserve Bank of India Master Circular on Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances and Clarifications dated 01st September 2016 (amended till date). Any short in provisions requirement as per RBI is adjusted accordingly in line with the master circular requirements. (Refer note no.33)

Measurement of ECL

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio. The company has determined the POD for all stages as follows:

Stage 1 - 0.25%

Stage 2 - 10%

Stage 3 - 100%"

Exposure at Default (EAD) - The exposure at default (EAD) represents the gross carrying amount of the financial instruments subject to the impairment calculation.

Loss Given Default (LGD) - LGD is an estimate of the loss arising in case where a default occurs. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realisation of any security, if any. It is usually expressed as a percentage of the EAD. Company considers 100% of the Exposure at default as Loss Given Default.

Simplified Approach in case of Trade Receivables and other financial assets:

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and other financial assets. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables and other financial assets. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and other financial assets and is adjusted for forward-looking estimates. At every reporting date, the historically observed default rates are updated for changes in the forward looking estimates.

II) Financial Liabilities:

Initial Measurement: All financial liabilities are recognised initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, other payables, and other borrowings.

Subsequent measurement: After initial recognition, all financial liabilities are subsequently measured at amortised cost using the EIR method. Any gains or losses arising on derecognition of liabilities are recognised in the Statement of Profit and Loss.

Derecognition: The Company derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired

III) Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet only if there is an enforceable legal right to offset the recognised amounts with an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

Notes to the Financial Statement for the year ended 31st March, 2024

III) Fair Value Determination of financial instruments:

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures investment in equity instruments designated at OCI alone at fair value on each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability."

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments - Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments - No Such Instruments.

Level 3 financial instruments - No Such Instruments.

I) Revenue Recognition

Interest Income:

The Company recognises interest income using effective interest rate (EIR) on all financial assets subsequently measured under amortised cost or fair value through other comprehensive income (FVOCI). EIR is calculated by considering all costs and incomes attributable to acquisition of a financial asset or assumption of a financial liability and it represents a rate that exactly discounts estimated future cash payments / receipts through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. In case of credit-impaired financial assets, the Company recognises interest income on the amortised cost net of impairment loss of the financial asset at EIR. If the financial asset is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

Penal Charges or like on delayed payments by customers are treated to accrue only on realisation, due to uncertainty of realisation and are accounted accordingly

Fees and Commission Income:

The Company recognises revenue from contracts with customers (other than financial assets to which Ind AS 109 'Financial instruments' is applicable) based on a five step model as set out in Ind AS 115 'Revenue from contracts with customers'. The Company identifies contract(s) with a customer and its performance obligations under the contract, determines the transaction price and its allocation to the performance obligations in the contract and

Notes to the Financial Statement for the year ended 31st March, 2024

recognises revenue only on satisfactory completion of performance obligations. Revenue is measured at the fair value of the consideration received or receivable.

Dividend Income:

Dividend income is recognised when the right to receive the payment is established.

a) Property, Plant and Equipment

Property, plant and equipment are carried at historical cost of acquisition less accumulated depreciation and impairment losses, if any, consistent with the criteria specified in Ind AS 16 'Property, plant and equipment'. Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as 'Capital work-in-progress'.

Property, plant and equipment is recognised when it is probable that future economic benefits associated with the item is expected to flow to the Company and the cost of the item can be measured reliably. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included under other income/expenses in the Statement of Profit and Loss when the asset is derecognised.

c) Depreciation on property, plant and equipment

Depreciation on property, plant and equipment is calculated on a WDV basis using the rates arrived at, based on the useful lives estimated by the management/Useful life as per schedule II. The identified components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset. The company has used the following rates to provide depreciation on its property, plant and equipment.

	Useful lives estimated by the management/Useful life as per schedule II
Plant and Machineries	15 Years
Furniture and Fittings	10 Years
Vehicles	8 Years
Computer and Peripherals	3 Years
Leasehold improvements	The life based on lease period.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

d) Intangible assets

Intangible assets, representing softwares, licenses etc. are initially recognised at cost and subsequently carried at cost less accumulated amortisation and accumulated impairment, if any. The Company recognises internally generated intangible assets when it is certain that the future economic benefit attributable to the use of such intangible assets are probable to flow to the Company and the expenditure incurred for development of such intangible assets can be measured reliably. The cost of an internally generated intangible asset comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by the Company. The intangible assets including those internally generated are amortised using the straight line method over a period of five years, which is the Management's estimate of its useful life. The useful lives of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as 'Intangible assets under development'.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the assets are recognised in the Statement of Profit and Loss when the asset is derecognised.

Notes to the Financial Statement for the year ended 31st March, 2024

e) Leases

The Company follows Ind AS 116 'Leases' for all long term and material lease contracts.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate at the transition date in case of leases existing as on the date of transition date and in case of leases entered after transition date, incremental borrowing rate as on the date of lease commencement date. In case of existing leases, the said date would be the date of transition. It is remeasured when there is a change in future lease payments arising from a change in a rate, if the Company changes its assessment of whether it will exercise an extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term. The Company's lease asset class consist of leases for office premises.

g) Impairment of non-financial assets

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

f) Finance Cost:

Borrowing costs on financial liabilities are recognised using the EIR.

m) Foreign currency translation

(i) Functional and presentational currency

The standalone financial statements are presented in Indian Rupees which is also functional currency of the Company and the currency of the primary economic environment in which the Company operates.

(ii) Transactional and Balances

a) Initial Recognition:

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

b) Conversion:

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the reporting date, are translated at the reporting date at the closing exchange rate and the resultant exchange differences are recognised in the statement of profit and loss or Other Comprehensive Income as permitted under the relevant Ind AS.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

Notes to the Financial Statement for the year ended 31st March, 2024

n) Retirement and other employee benefits

Short term employee benefit:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment benefit:

a) Defined contribution schemes:

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes:

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit ("PUC") Method, which recognises each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognised in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to the statement of profit and loss in subsequent periods.

o) Taxes

Current Income Taxes:

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities

Notes to the Financial Statement for the year ended 31st March, 2024

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Income taxes:

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Goods and Service Taxes:

Expenses and assets are recognised net of the goods and services tax/value added taxes paid, except:

1. When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
2. When receivables and payables are stated with the amount of tax included.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

q) Segment Reporting

The Company is primarily engaged in the business of financing and there are no separate reportable segments identified as per the Ind AS 108 - Operating Segments.

r) Earning per share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date.

In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

Notes to the Financial Statement for the year ended 31st March, 2024

s) Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. As at reporting date, the Company does not have any such provisions where the effect of time value of money is material.

t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements. Contingent liabilities are reviewed at each Balance Sheet date.

u) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

v) Cash Flow Statement

Cash flows are reported under the 'Indirect method' as set out in Ind AS 7 on 'Statement of Cash Flows, whereby net profit after tax is adjusted for the effects of transactions of non-cash nature, tax and any deferrals or accruals of past or future cash receipts or payments. The cash flows are prepared for the operating, investing and financing activities of the Company

Nature and Purpose of Reserves:

A) Statutory Reserves:

Every year the Company transfers a sum of not less than twenty per cent of net profit of that year as disclosed in the statement of profit and loss to its Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934.

The conditions and restrictions for distribution attached to statutory reserves as specified in Section 45-IC(1) in The Reserve Bank of India Act, 1934:

- Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the profit and loss account and before any dividend is declared.
- No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation shall be reported to the RBI within twenty-one days from the date of such withdrawal:

Provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of twentyone days by such further period as it thinks fit or condone any delay in making such report.

Notes to the Financial Statement for the year ended 31st March, 2024 (₹ in Lakhs)

- c) Notwithstanding anything contained in sub-section (1), the Central Government may, on the recommendation of the RBI and having regard to the adequacy of the paid-up capital and reserves of a NBFC in relation to its deposit liabilities, declare by order in writing that the provisions of sub-section (1) shall not be applicable to the NBFC for such period as may be specified in the order:

Provided that no such order shall be made unless the amount in the reserve fund under sub-section (1) together with the amount in the share premium account is not less than the paid-up capital of the NBFC.

B) Securities Premium:

The amount received in excess of face value of the equity shares is recognised in Securities premium. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

C) Retained Earnings:

Retained earnings are the profits that the Company has earned till date, less any transfers to statutory reserve, debenture redemption reserve, general reserve, dividends distributions paid to shareholders and transfer from debenture redemption reserve.

D) Other Comprehensive Income:

Other comprehensive income comprises of Changes in actuarial gains on account of Defined Benefit obligations and Investment in Equity Instruments designated at FVOCI not reclassifiable to Profit and Loss Statement. On derecognition of Equity Instruments, company transfers the amount to Retained Earnings.

E) Capital Reserve:

Capital reserve is unexercised warrant amount forfeited. (refer note: 19)

50. Financial Risk Management:

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimize potential adverse effects and achieve greater predictability to earnings.

Borrowings, trade payables and other financial liabilities constitute the Company's primary financial liabilities and investment in shares, trade receivables, loans, cash and cash equivalents and other financial assets are the financial assets.

Credit Risk:

Credit risk refers to the risk of default on the loan receivables to the Company that may result in financial loss. The maximum exposure from unsecured loan receivables amounts to Rs.2766.18 Lakhs and Rs.2431.07 Lakhs as of March 31, 2024 and March 31, 2023 respectively.

Loans are advances to Corporates and to individual business entities and to the student community. Credit risk is being managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to allow credit terms in the normal course of business. Generally, the loan tenure is for a period of one year and renewable based on the request of the borrower. In the case of loans offered to students through its "StuCred" App, the credit period is up to 150 days.

Liquidity Risk:

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk through cash credit limits and undrawn borrowing facilities by continuously monitoring forecast and actual cash flows. The Company invests its surplus funds in bank fixed deposit which carry minimal mark to market risks.

Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk for the entity comprises two types of risk: currency risk, interest rate risk and equity price risk. Financial instruments affected by market risk include borrowings, trade payables in foreign currency and investment in unquoted equity shares. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

Currency Risk:

The Company is not exposed to any significant currency risk. During the year under review, the company has bought/subscribed to software in foreign currency at the time of purchase/subscription.

Sensitivity analysis:

Since the company is not exposed to any currency risk, sensitivity analysis of foreign currency transactions is not applicable.

Interest Rate Risk:

The Company is not exposed to any interest rate risk. The company's fixed rate instruments are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Equity Price Risk:

Company has investments in listed companies which are measured at FVTOCI. The valuation is dependent on market conditions.

Item No. 5: Approval of Related Party Transactions

As per section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meeting of Board and its Powers) Rules 2014 (including any statutory modifications or enactments thereof), a Company, shall obtain prior approval of shareholders for entering into related party transactions exceeding 10% of turnover as per last audited financial statements of the Company.

The provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements)

Regulations, 2015 (the "SEBI Listing Regulations") as amended by the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, effective April 1, 2022, mandates prior approval of Members by means of an ordinary resolution for all material related party transactions, even if such transactions are in the ordinary course of the business of the concerned company and at an arm's length basis.

Further as per SEBI Regulations listed above, a transaction with a Related Party shall be considered material if the transaction / transactions to be entered into individually or taken together with previous transactions during a financial year exceeds ten percent of the annual consolidated turnover of the listed entity as per its last audited financial statement.

In accordance with the statutory provisions mentioned above, and on the recommendation of the Audit Committee and the Board, the members approved the Related Party Transactions, in the previous Annual General meeting. The Company being a Non-banking Financial Company, considering the nature of transactions requiring omnibus approval, which is in the ordinary course of business and at arm's length basis, in which the approved limits may or may not be utilized by the Company, the Board propose the below mentioned limits for approval of the shareholders for a period of three years and till the conclusion of the Annual General Meeting to be held in the year 2027.

All disclosures as required under the Companies Act, 2013 read with Companies (Meeting of Board and its power) Rules, 2014 and SEBI (Listing Obligations and Disclosure Requirement) Regulations 2015 and circulars issued by SEBI from time to time are given below:

Notice

As per Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, all material related party transactions shall require approval of the shareholders through ordinary resolution and the related parties shall abstain from voting on such resolution whether the entity is a related party to the particular transaction or not.

Further, as per Rule 15 of the Companies (Meetings of Board and its Powers) Rules 2014, where any Director is interested in any contract or arrangement with a related party, such Director shall not be present at the meeting during discussion on the subject matter of the resolution relating to such contract or arrangement.

Accordingly, all related parties of the Company, including the Directors or Key Managerial Personnel related to the abovementioned Companies shall not participate or vote on this resolution. The Board recommends this resolution set out in Item No.5 of this notice for approval of the Members to be passed as ordinary resolution.

Mr. Jaijash Tatia and Ms. Henna Jain, Directors and all promoters shall be deemed to be interested in the resolution. None of the other directors or Key Managerial Personnel of the Company or their relatives is in any way concerned or interested in the said resolution. Related parties shall not participate and/ or vote to approve this resolution.

Item No. 6: To consider and approve the issuance of Non-Convertible Debentures, in one or more series/ tranches pursuant to Section 42 of the Companies Act, 2013

The Board of Directors in order to broaden resources for business operations of the Company at their Board meeting held on 29th May 2024, has decided to invite subscription for secured/unsecured Non-Convertible Debentures (NCDs), in one or more series /tranches on private placement basis, subject to approval of the shareholders.

The NCDs proposed to be issued, may be issued either at par or at premium or at a discount to face value and the issue price (including premium, if any) shall be decided by the Board on the basis of interest rate/effective yield determined, based on market conditions prevailing at the time of the issue. Valuation of securities not applicable to NCDs. The material terms will be determined by the Board

of Directors of the Company based on the provisions of Companies Act, 2013, the rules made thereunder and other applicable laws. The Board shall determine specific terms and conditions of the offer at the time of issuance of respective series/ tranche of NCDs.

The provisions of Section 42 of the Companies Act, 2013 read with Rule 14(1) of Companies (Prospectus and Allotment of Securities) Rules, 2014 and any other applicable provisions of the Companies Act, 2013, a Company shall not make private placement of its securities unless the proposed offer of securities or invitation to subscribe securities has been previously approved by the members of the Company by a special resolution for each of the offers or invitations. However, pursuant to second proviso of said Rule 14(1) an offer or invitation for non-convertible debentures, the special resolution passed only once in a year is sufficient for all the offers or invitations for debentures during the year.

Accordingly, without prejudice to the borrowing power given/to be given by the shareholders under Section 180 (1)(c) of the Companies Act, 2013, as per the provisions of Section 42 and 71 of the Companies Act, 2013 read with the relevant Rules made there under, as amended, and subject to other relevant rules, regulation, guidelines, and directions issued by Reserve Bank of India and Securities and Exchange Board of India, the approval of the Members is being sought by way of a Special Resolution, to enable the Company to offer or invite subscriptions for Non-Convertible Debentures on a private placement basis, in one or more tranches, during the period of one year from the date of passing of the Resolution at Item No. 6, for an amount not exceeding Rs. 50 Crores (Rupees Fifty Crores only) on such terms and conditions and at such times as may be decided by the Board, within the overall borrowing limits of the Company, as approved by the Members from time to time.

The Board of Directors recommends the Special Resolution set out in Item No. 6 of the accompanying notice for approval of the members.

None of the Directors or Key Managerial Personnel of the Company or their relatives is /are concerned or interested, in any manner in the passing of proposed Resolution set out at Item No. 6 of the Notice, except to the extent of their shareholding in the Company, if any.
